RUSSIAN MINISTER OF JUSTICE
STONED WHILE RIDING IN
HIS CARRIAGE.

St. Petersburg, July 29.—As Minister of Justice Muravieff was driving to Peterhof palace Thursday afternoon to report to Emperor Nicholas the assassination of Minister of the Interior von Plehve, stones were thrown at him, and his carriage windows were broken. The identity of the minister's assailants has not yet been discovered.

NEBRASKA MAN DRAWS PRIZE.

William McCormick Gets First Choice of Rosebud Lands.

Chamberlain, S. D., July 29.—The eagerly awaited day for the drawing of the lands of the Rosebud reservation dawned bright and sultry. An hour before the time appointed for the drawing to begin there was a crowd of 800 to 1,000 persons surrounding the building in which the registered names were to be drawn. Promptly at 9 o'clock United States Land Commissioner Richards inaugurated proceedings by announcing the rules that were to govern the drawing. The commissioner and Judge E. J. Weakly

of Omaha and F. F. Sherman of Sioux Falls were the committee empowered to conduct operations. The huge wheel which held the names of hopeful aspirants for quarter sections was a box ten feet long by thirty-one inches through. A rod running the entire length of the box was rigged with cranks and crankhandles by which the box could be turned. At 9:50 a. m. the entire registration had been thoroughly mixed and placed in the box. Eight boys were selected to serve on alternate days.

"Lucky Sommers drew the lot which named him as the first to draw from the box. Shortly after 10 o'clock, at a signal from the commissioner, young Sommers inserted his hand into the box and drew out the first envelope, which he handed the commissioner. The commissioner tore open the envelope and announced:

"William McCormick of Lancaster county, Nebraska."

One thousand names were drawn Thursday at the conclusion of which the drawing was adjourned for the day.

VON PLEHVE IS SLAIN

RUSSIAN MINISTER OF INTERIOR
IS ASSASSINATED BY A FINNISH DYNAMITER.

INJURED BY HIS OWN BOMB

ASSASSIN SO BADLY HURT THAT
HE MAY NEVER RECOVER
FROM HIS INJURIES.

SUSPECT WIDESPREAD PLOT

RUSSIANS THINK THAT THE MURDERER
HAD A LARGE NUMBER OF ACCOMPLICES.

St. Petersburg, July 29.—M. von Plehve, minister of the interior, was assassinated at 9:50 o'clock Thursday morning by a bomb thrown at his carriage while he was driving to the Baltic station to take a train for the palace at Peterhof, where he was to make his weekly report to the emperor.

The assassination is believed to be the outcome of widespread plot, the existence of which has been suspected for several days. Numerous arrests have already been made, including that of the assassin, a young man who is believed to be a Finn, named Legio, and who is now in a hospital severely and perhaps fatally injured by the explosion of his own bomb. An accomplice of Legio, also apparently a Finn, but whose name is unknown, has been arrested. He had in his possession a bomb which he tried to throw, but he was overpowered by the police just in time to prevent great loss of life.

The assassin wore a brown overcoat and a railroad official's cap. He stood on the sidewalk just as Minister von Plehve's carriage was about to cross the canal bridge near the station. The minister was escorted by a number of detectives on bicycles, and one of them jostled the assassin, who then rushed into the road and threw the bomb after the carriage. The missile struck the hind wheel and exploded with fearful force, killing or wounding over a score of persons. Minister von Plehve and his coachman were killed outright and an officer of the guard was fatally injured.

Wounded Assassin Arrested.

One of the cyclist detectives arrested the assassin, who endeavored to escape, though wounded by splinters in the face, arm and abdomen. He made no attempt at resistance, however, when seized by the detective and confessed his crime, but refused to give his name.

The police immediately after the explosion arrested a suspicious individual who took refuge in a hotel opposite the scene of the tragedy. He carried a bomb similar to that thrown by Legio. As soon as the police saw the bomb they scattered, but an employee of the hotel rushed up behind the accomplice and pinned his arms. The explosive is believed to have been composed of pyroxylin, as it gave off little smoke. The force of the explosion was so terrific that it not only broke every window within a radius of half a mile, but reduced the heavy paving stones to powder, heaved up the pavement and flung a heavy piece of the iron work of the carriage across the canal, severing the thick mast of a barge, which fell, stunning the captain of the barge. Everybody in the street was knocked down and more or less bruised.

When the officers of the law, headed by Minister of Justice Muravieff, had terminated the necessary formalities by drawing up a written report of the crime, the mangled remains of the minister of the interior were conveyed to a humble chapel adjoining the station, the windows of which miraculously escaped destruction. The priests and people, with characteristic Russian piety, at once joined in a solemn requiem. The square in front of the station was filled with a reverent crowd of peasants and laborers, and the busy hum of traffic was silenced. A priest lifted up his voice and proclaimed "the eternal memory of the departed servant, Wenceslas," while all those in the congregation dropped to their knees.

Impressive Service Held.

A no less impressive service was conducted at the minister's stately residence Thursday evening, to which only intimate friends were invited by M. von Plehve's assistant, M. Durnovo, who is temporarily in charge of the ministry of the interior. The magnificent staircase and the reception rooms were draped in black. The body of the minister was completely covered by a white shroud which concealed a ghastly mutilation. It reposed in a black and silver casket in a corridor of the vast hall surrounded by luxuriant palms. Gendarmes and noncommissioned officers stood sentinel at the head of the casket, while at its foot were two high officials of the ministry.

The hall and the adjoining rooms, which are decorated in the Byzantine style, somewhat resembling a church, were crowded with distinguished personages, including Grand Duke Alexis, Admiral Avelan, and the members of the diplomatic corps in full force, in-

cluding Spencer Eddy, American charge d'affaires, Sir Charles Hardinge, the British ambassador, and M. Bonaparte, the French ambassador.

A special edition of the Official Messenger, which was distributed late in the afternoon, contained only a brief announcement of the death of M. von Plehve, and the intimation that an official requiem would be conducted.

Minister of Justice Muravieff went to the Peterhof palace in the afternoon to report the assassination of Minister von Plehve to Emperor Nicholas. His majesty did not leave the palace during the entire day, although he had arranged to go to Oranienbaum, nineteen miles from St. Petersburg, to attend the consecration of the new harbor.

The emperor has not been informed of the tragedy in view of the hourly expectation of her accouchement.

M. Durnovo Appointed Minister of the Interior ad Interim.

St. Petersburg, July 29.—M. Durnovo, who was M. von Plehve's assistant, has been appointed minister of the interior ad interim.

LITTLE SURPRISE IN LONDON.

Von Plehve Regarded as the Evil Genius of His Country.

London, July 29.—The failure of the reactionary system in Russia, of which the murdered minister of the interior was a typical representative, is the leading theme taken up by the editorials in this morning's newspapers, which comment with horror upon this latest political crime as a stain upon the pages of Russian history. Little surprise is felt at the removal of a man who, though honest and able and well meaning, was regarded as the evil genius of his country. The editorials generally extend the utmost sympathy to the emperor of Russia, who is surrounded with difficulties both at home and abroad.

It is alleged that von Plehve spent as much as \$500,000 yearly in police measures for his personal protection.

WAIT ON CONFERENCE

FREIGHT HANDLERS OF CHICAGO
ROADS MAY JOIN PACKING-
HOUSE STRIKERS.

ORDER HELD IN ABEYANCE

WILL BE ISSUED IF LEADERS OF
THE ALLIED TRADES DE-
SIRE SUCH ACTION.

Chicago, July 29.—After issuing a general order that would have involved all the Chicago railroads in the stockyards strike, Lawrence J. Curran, president of the Freight Handlers' union, last night reconsidered his action and is now holding his order in abeyance pending a conference today with leaders of the allied trades unions whose members are on strike. It is stated, however, that if President Donnelly of the butchers' union and the other strike leaders express a desire to have the order issued it will be put into effect at once. The central council of the Freight Handlers' union was in session at midnight and it is stated that all preparations have been made to put the strike order in force if it shall be deemed necessary.

President Curran's order, if lived up to by the freight handlers, would work a severe hardship on the packers, as it explicitly directs that union men shall handle no freight for the big packing companies, either outgoing or incoming.

What the railroad officials will do in such an emergency is not known. A meeting of the railroad managers was held last night to discuss the situation, but what action, if any, was decided upon was not made public.

Trying to Get Another Conference.

At the same time that this step was being taken by the freight handlers' president, the first move in an effort to bring about another conference between the packers and the strikers was being made. Henry C. Wallace, the well known writer and lecturer on agricultural topics of Des Moines, Ia., and A. L. Ames of Buckingham, Ia., president of the Corn Belt Meat Pro-

ducers' association, are the sponsors of the new movement for peace.

Mr. Wallace and Mr. Ames came to Chicago Thursday and immediately went into conference with the strike leaders. Mr. Donnelly and his associates were told by Mr. Wallace of the hardship the strike was imposing on the livestock raisers, and they asked if some concession besides those offered at the last conference between the packers and the strike leaders could be suggested in order to bring the present conflict to an end.

Mr. Donnelly, who was made spokesman for the labor leaders, said he would welcome another conference with the employers and consented to the effort being made. He also informed Mr. Wallace that the strikers were willing now to concede the time limit in which the men should be reinstated. As at the last conference with the packers Mr. Donnelly had insisted that the men be reinstated within a specified time, which the packers refused to agree to do. Mr. Wallace said that he and Mr. Ames would call on the packers' representatives today and endeavor to bring about the desired conference.

Both Sides Claim Victory.

Last night both sides to the dispute at the stock yards were claiming a victory. According to the packers all the plants in Chicago are running at nearly the regular capacity. On the other hand, the labor leaders declare the packing industry in this city is completely demoralized and that business is almost at a standstill. That the statements of the labor leaders is not altogether true is evidenced by the fact that the packers are slaughtering thousands of animals every twenty-four hours.

There were several desertions from the ranks of the strikers Thursday, but this loss was offset by an equal number of strike breakers quitting their new positions.

While thousands of stockyard workers were going home in the evening, Grant Taylor, colored, was set upon near the yards by a mob and was beaten nearly to death before the police with drawn clubs dispersed the mob.

Considerable rioting is reported from Kansas City and St. Joseph, Mo., but all is quiet at other points.

Another Victim of Norge Disaster.

Boston, July 29.—Several survivors of the steamship Norge arrived here Thursday on the Ivernia from Liverpool. Mrs. S. Ojakoski, who escaped from the Norge, died Wednesday night from the effects of her experience.

BUT MR. QUINN SAYS NOT

People From Section Ten Say He Lived Out There and Name is Thompson.

The officials are having some trouble trying to identify the man who was taken from the river yesterday morning. The remains still lie at the D. M. Clark & Co. morgue and at least five hundred people have passed in to view them, and out of this number at least one-half claim they have seen the man before.

Yesterday afternoon it was reported that his name was Michael Donahue and that he worked on the J. M. Quinn drives. Mr. Quinn was called in and asserted positively that he was not the man referred to.

Now it is claimed that his name is Thompson and that he lived on Section 10, and several from that vicinity have identified him, but there is nothing positive as yet and Coroner Osterlund will hold the corpse for a day or two.

Judge Tift, also a prominent member of the order in this state, was present. There were several visitors from out the city and the affair was very much enjoyed.

Following the initiatory work there was a banquet in Gardner hall and at the banquet board addresses were heard from Grand Master Workman Anderson, Judge Tift, Judge J. T. Sanborn, Mayor Halsted, Rev. H. W. Knowles and Col. C. D. Johnson. Joe Murphy also entertained the throng with a song.

Following this the members of the order and their friends enjoyed a dance until a late hour.

OVER A HUNDRED POISONED.

Porto Rican Teachers Victims of Tainted Meat.

Ithaca, N. Y., July 23.—More than 100 Porto Rican teachers who are attending the summer session of Cornell university were taken ill Thursday night as a result, it is believed, of eating tainted meat. Among those most seriously affected were several American inspectors.

All the men of the delegation have been boarding at the campus tavern where at Thursday's dinner meat hash was served. Physicians diagnosed the trouble as ptomaine poisoning. None of the patients are in a serious condition.

SUSPECT IS ARRESTED

ALLEGED SLAYER OF SHERIFF HARRIS IS APPREHENDED IN VIRGINIA.

Jonesville, Va., July 23.—Sheriff P. M. Ball of this county Friday arrested and lodged in jail at this place William Bell Wilson, alias William Anderson, who is charged with murdering Sheriff Harry Harris of St. Croix county, Wis., on a train at Falls Creek, Wis., on the night of June 18.

Sheriff Ball had seen Wilson in the county and suspected him on account of his peculiar conduct. When he received a letter later from the Wisconsin authorities giving a description of Wilson and stating that there was an \$800 reward for his capture, he was prompt to act. Wilson is held for the Wisconsin officials.

ALL QUIET AT BONESTEEL.

Grafters and Other Undesirable Persons Deported.

Bonesteel, S. D., July 23.—Bonesteel was quiet Friday. It was not until nearly noon that the streets began to show their accustomed numbers. Early in the morning street gambling games, which had been compelled to abandon the street corners Thursday night, took their accustomed places at the edges of the walk, and upon vacant lots adjacent to the streets. But before noon they had been forced to desist the plying of their trade.

The inside games were running as usual, but with reduced patronage.

Early Friday there was a meeting of citizens to devise the ways and means to prevent the lawless scenes of Thursday night. At this meeting it developed that Superintendent of Registration John McPhaul had issued what proved a virtual ultimatum to the effect that the riotous scenes of Thursday must not be repeated; else he would remove the registration of vice to some other point and request troops be sent here for the protection of life and property. Mr. McPhaul was asked to delay his request for troops until the city authorities and the gamblers could get together on some basis of settlement. A few hours later it was given out that the gambling element had agreed to send the "grafters" and hangerson out of the city by 3 o'clock Friday, pending which no call for troops was to be made. This agreement was carried out and the objectionable persons left out and the effect of producing calmer feeling and little apprehension is felt of any further trouble.

Only 2,000 people registered Friday.

HIS IDENTITY IS NOT CLEAR

Man Found in the River Said to Have Worked for J. M. Quinn on River Drive

BUT MR. QUINN SAYS NOT

People From Section Ten Say He Lived Out There and Name is Thompson.

The officials are having some trouble trying to identify the man who was taken from the river yesterday morning. The remains still lie at the D. M. Clark & Co. morgue and at least five hundred people have passed in to view them, and out of this number at least one-half claim they have seen the man before.

Yesterday afternoon it was reported that his name was Michael Donahue and that he worked on the J. M. Quinn drives. Mr. Quinn was called in and asserted positively that he was not the man referred to.

Now it is claimed that his name is Thompson and that he lived on Section 10, and several from that vicinity have identified him, but there is nothing positive as yet and Coroner Osterlund will hold the corpse for a day or two.

IS HELD ON A SERIOUS CHARGE

George W. Fallon, of Daggett Brook, Charged With Assault in Second Degree

ROW OCCURRED JULY FOURTH

Man by Name of Buckley Also Mixed in Fracas but He Has Skipped Out.

George W. Fallon, of Daggett Brook, has been held to the grand jury by Judge Warner on the charge of assault in the second degree. He is quite well known south of here and the fracas in which he is alleged to have been connected was on the fourth of July.

It seems that he and a man by the name of Buckley were celebrating at his home and they invited several of the neighbors around the country to help dispose of a keg of lager beer. The beer was consumed and all felt joyous over the outcome.

One of the men invited over to take some of the refreshments was Julius Kreklau, another well known farmer in the Daggett Brook country. It seems that Kreklau and Fallon had had some trouble and were opposing parties in a civil suit. Just as Kreklau was about to leave the party of merry makers on the evening of July 4th this man Buckley is said to have inquired of him why he had sued Fallon. At this remark Fallon is alleged to have cried out to Buckley, "hit him," whereupon Kreklau started to run and it is alleged he was hit in the back by a stone. Buckley is said to have unmercifully beaten him and Fallon was arrested as being an accomplice in the act.

Buckley skipped out and it is said headed for North Dakota and since then he has not been heard of.

Kreklau has since then been laid up for weeks at a time and has been in very bad shape. He has decided that he cannot farm any longer and has advertised his farm for sale and will move out of this locality. It is understood that he has decided that his life is in danger now and that he does not want to live in those parts.

At 5 o'clock this morning Brainerd was blessed with a delightful rain which continued for nearly two years. Many a child's heart was filled with disappointment, for today was one which they had long looked forward to—circus day. However, the elements were kind, the rain ceased and at 10:30 the big Main circus parade wended its way through our principal streets. Never has a circus visited Brainerd with so many fine horses. Of the novelties in the parade perhaps, four camels working in harness drawing a lion's den was the best feature.

While the Main show has been on the road nineteen years, this is its first visit through western Minnesota and though the exhibition came well recommended the magnitude and size of the circus was a surprise to many. As the Daily Marquette, (Mich.) Mining Journal said when the show had exhibited in that city: "The Walter Main show was good and clean throughout and the performance excellent."

A commendable feature was the total absence of gamblers or catch-penny games and the courteous manner of the management.

Of the performance itself, the famous Nelson Family, (ten in number), acrobats; Mile Tournour, balancing trapeze; Inez Scatt, iron-jaw lady; Lowande, Davenport and Hobson somersault riders. Misses Lemm, Hobson and Davenport equestriennes, and the Boise family of aerialists were undoubtedly the best numbers on the varied program.

Should the Main show ever return here again, the excellent performance given this afternoon insures it large patronage in the future.

GORTON'S MINSTRELS.

The management of Gorton's Famous Minstrels conceived a happy idea in the stage arrangement of their new "First Part" setting this season, which produces the effect of a company of minstrels performing on the flower decked lawn of a southern winter resort, and it has been so elaborately done as to challenge artistic commendation.

The company is the strongest in the long history of this organization and the costuming is worthy of special mention.

The vocalists of the company are attired in the romantic costumes of Louis XIV, pearl gray satin coats, trimmed with costly laces, knee pants and pink satin Oxford. The end men wear evening dress suits of corse satin, the orchestra suits of steel gray, the inter-locutor a costume of white satin. In the distance rises the splendid hotel "Ponce De Leon" Florida's famous winter resort. Glittering fountains, surrounded by a profusion of gorgeous tropical flowers form a stage picture that is incomparable. The company will come to the Brainerd opera house on Monday, August 1.

The advance sale of seats will open at H. P. Dunn & Co.'s drug store tomorrow morning at 10 o'clock. Prices \$1, 75c and 50c.

IS HELD ON A

SERIOUS CHARGE

George W. Fallon, of Daggett Brook, Charged With Assault in Second-Degree

ROW OCCURRED JULY FOURTH

Man by Name of Buckley Also Mixed in Fracas but He Has Skipped Out.

George W. Fallon, of Daggett Brook, has been held to the grand jury by Judge Warner on the charge of assault in the second degree. He is quite well known south of here and the fracas in which he is alleged to have been connected was on the Fourth of July.

It seems that he and a man by the name of Buckley were celebrating at his home and they invited several of the neighbors around the country to help dispose of a keg of lager beer. The beer was consumed and all felt joyous over the outcome.

One of the men invited over to take some of the refreshments was Julius Kreklau, another well known farmer in the Daggett Brook country. It seems that Kreklau and Fallon had had some trouble and were opposing parties in a civil suit. Just as Kreklau was about to leave the party of merry makers on the evening of July 4th this man Buckley is said to have inquired of him why he had sued Fallon. At this remark Fallon is alleged to have cried out to Buckley, "hit him," whereupon Kreklau started to run and it is alleged he was hit in the back by a stone. Buckley is said to have unmercifully beaten him and Fallon was arrested as being an accomplice in the act.

Buckley skipped out and it is said headed for North Dakota and since then he has not been heard of.

Kreklau has since then been laid up for weeks at a time and has been in very bad shape. He has decided that he cannot farm any longer and has advertised his farm for sale and will move out of this locality. It is understood that he has decided that his life is in danger now and that he does not want to live in those parts.

A NEW PRINCIPLE IN MEDICAL SCIENCE.

For years it has been the practice of medical men to treat patients suffering from piles by local, external applications. These treatments give but temporary relief, but have never affected a positive cure.

After months of research and study, accompanied by actual experience with various patients, Dr. C. A. Perrin arrived at a positive conclusion as to the exact action of the various parts of the bowel system, under different conditions, and when subjected to various prescriptions.

He finally prepared that wonderful internal remedy known as **DR. PERRIN'S PILE SPECIFIC**, which is put up in bottles, retailing at all reliable drug stores for \$1.00 each. This internal remedy has been on the market for the past ten years, and in all of that time there has been but three cases where a positive cure has not been effected.

Dr. Perrin's Pile Specific is sold under a positive guarantee by the druggist making the sale, to refund the full purchase price, providing the remedy fails to cure. This is the absolute proof of its merit. Any man or woman who suffers from blind, bleeding, itching or internal piles can try this internal remedy with the absolute certainty that it will cost nothing unless it cures. Here is what one sufferer says of this wonderful remedy:

Dr. C. A. Perrin, Helena, Mont.—I wish to thank you for the cure your wonderful medicine has done for me. I had the piles some five years, and under the advice of a doctor had them removed by the knife and felt free for awhile, but they returned and I at once got a bottle of your Perrin's Pile Specific and one bottle has entirely cured me, and I am as good as I ever was.

October 16, 1902.
Better get a bottle of your druggist today and get relief from present and future suffering.

ATTACK PORT ARTHUR

JAPANESE FORCES BEGIN THEIR ASSAULT UPON THE RUSSIAN FORTRESS.

GENERAL KUROPATKIN HURT

RUSSIAN COMMANDER WOUNDED IN BATTLE IN WHICH TEN THOUSAND FALL.

London, July 29.—Special dispatches from Shanghai and Yokohama report that a general attack upon Port Arthur has begun.

A report that General Kuropatkin is wounded, which is appearing in various quarters, seems to have originated at Tientsin, but it is not confirmed from any reliable source.

The Tientsin correspondent of the Star telegraphs that it is rumored that General Kuropatkin was wounded in battle at Tatschekiao and that another general was killed. The Russian losses in this battle, says the same correspondent, were 10,000.

A report to a news agency states that the Japanese army that landed at Takushan has occupied the Russian position commanding the road east of Haicheng.

The Times' correspondent at Tokio says it appears to be clearly proved that the Russians in Manchuria are using dum-dum bullets.

GALLING TO THE RANK AND FILE.

Russian Soldiers Did Not Want to Retreat From Tatschekiao.

Liaoyang, July 29.—The Russian retreat from Tatschekiao was terribly galling to the rank and file, who, after two days' hard fighting, held their positions and believed themselves on the eve of a great victory.

The Russian artillery was better disposed than in any previous fight. The positions were selected having in view the lesson learned at Vafangow. The batteries scientifically supported each other, all of them being in a position to deliver the most effective fire.

On the last day's fight, July 24, the Russians fired 4,016 shots and frequently smothered the Japanese fire and caused them to shift their batteries.

Colonel Paschenko, whose battery distinguished itself, had a marvelous escape. He was thrown bodily into the air by the explosion of a mine shell, but was unharmed and continued to fight. Later he was wounded in the hand while waving a signal to the guns.

At 3 o'clock the extreme left of the Russians were ordered to attack. The movement was anticipated by the Japanese, however, who hurled themselves on the Russian position. The Barnaulsk regiment bore the brunt of the shock and after a hard fight drove off the Japanese in disorder at the point of the bayonet. Marquis Oyama, commander-in-chief of the Japanese field forces, is reported to have been personally in command.

Supplies at Haicheng are running low and the terrible heat and torrential rains are delaying movements.

The Japanese loss at Tatschekiao is estimated at from 4,000 to 5,000, resulting chiefly from their attempts to take entrenched positions in the face of a heavy artillery fire.

All is reported quiet on the Russian eastern front.

FRIGHTFULLY DESTRUCTIVE.

Japanese Shrapnel Mowed Down Russian Gunners by Hundreds.

London, July 29.—The Daily Mail's Newchwang correspondent, in a long description of the battle of Tatschekiao, which mainly repeats the details already known, says it was not until the Japanese attacked all along their front that the Russians retreated. The Japanese artillery was immeasurably superior and their shrapnel frightfully destructive. Russian gunners went down by hundreds, but their guns were fought with magnificent bravery.

The Russian officers, the correspondent adds, speak in the highest terms of the bravery of their men. They say Russia already has lost one campaign owing to the recklessness of the emperor's advisers, but that she must have Manchuria and that she is now preparing for another campaign.

FIGHT ON AMERICAN TERRITORY.

Japs Whip a Number of Russians on Douglas Island.

Vancouver, B. C., July 29.—A battle took place between forty Japanese fishermen and fifty-eight Russian miners at Douglas Island, Douglas Sound, opposite Juneau, last Saturday night. A number of shots were exchanged, then the opposing forces stoned each other and finally engaged in a hand to hand fight. No one was killed, but a number are said to have been seriously injured. The Japanese put the Russians to flight, although the Russians outnumbered the victors.

JAPS TO INVADE SAKHALIN.

War in Far East to Enter Upon a New Phase.

St. Petersburg, July 29.—The war is expected to enter on a new phase by a Japanese invasion of the island of Sakhalin, a Russian convict settlement in the North Pacific off the east coast of Asia. The Russians have already taken precautions in view of this move, and troops have been sent to the island. A Red Cross detachment has also been ordered to proceed there.

JOIN KUROPATKIN'S FORCES.

Two More Russian Army Corps Arrive at the Front.

Tientsin, July 29.—The Tenth and Eleventh corps of the Russian army have arrived at the front and joined General Kuropatkin's forces.

Major Takayama of the Japanese army has been appointed administrator of Newchwang.

SINGERS AT MILWAUKEE.

Saengerbund of the Northwest Opens Its Saengerfest.

Milwaukee, July 29.—The Saengerbund of the Northwest opened its twenty-first saengerfest in Milwaukee Thursday. The celebration will continue four days and conclude with a parade and picnic on Sunday.

Every incoming train brought large delegations from Chicago, St. Louis, Cincinnati, St. Paul, Minneapolis, Dayton, Rock Island and other cities.

The exposition building, where the concerts are held, has been elaborately decorated. The first concert was given Thursday night and was in the nature of a reception, conducted by Theodore Thomas of Chicago.

Mayor David S. Rose delivered an address of welcome which was followed by the presentation of a banner and address by Bundes President Charles Richter.

"Hiawatha's Wedding" was the musical feature of the opening festival.

WORK OF MASKED MEN.

Minneapolis Saloon and Three Customers Robbed.

Minneapolis, July 29.—Three masked robbers entered the saloon of Martin P. Handlay, 429 Third avenue north-east, at midnight, and at the point of a revolver compelled the three customers to remain quiet while they went through the till and took \$35 in change.

Following this they rifled the pockets of the three men and secured \$4.

PROTEST IS RECEIVED

RUSSIA GETS BRITAIN'S KICK ON

SINKING OF THE KNIGHT

COMMANDER.

St. Petersburg, July 29.—Foreign Minister Lamsdorff late Thursday night received the protest of the British government through Sir Charles Hardinge, the British ambassador, regarding the sinking of the British steamer Knight Commander.

The protest declares the act to be contrary to the law of nations and asks that instructions be sent to the Russian commanders to prevent its recurrence.

Count Lamsdorff has not yet replied to the protest, but it is believed that he has already sent assurances to the British government through the Russian ambassador at London, Count Benckendorff, that the necessary steps in this direction have been taken.

WILL CALL ON JUDGE PARKER.

Mayor McClellan of New York Going to Esopus.

Esopus, N. Y., July 29.—Mayor George B. McClellan of New York is expected at Rosemount today to pay his first visit to Judge Parker. In view of the denials that the judge will take a hand in the selection of a state ticket, it is uncertain what part the conference will play in Mayor McClellan's gubernatorial boom.

Judge Parker is said to favor Mayor McClellan, but will not declare himself in favor of any candidate for the governorship.

While it is stated that Judge Parker Wednesday carefully avoided the governorship nomination as a topic of conversation, the possibilities and the probabilities were gone into exhaustively by some of the visitors at Rosemount. The McClellan boom brought the governorship to the fore and the question of whether Tammany would or would not advance Mayor McClellan as a candidate was thoroughly canvassed.

Charles F. Murphy was quoted as saying that the governorship must be left open, and now it is said his reason was to first learn positively what the Republicans intend to do.

If Former Secretary of War Elihu Root is to be nominated by the Republicans, Mr. Murphy is said to be opposed to McClellan for the Democratic nominee. Several prominent Democratic favor District Attorney Jerome to oppose Mr. Root.

ROOSEVELT AT WASHINGTON.

President Arrives at the Capital and Goes to the White House.

Washington, July 29.—President Roosevelt and party arrived in Washington at 6:16 p. m. and were driven directly to the White House. The train, which came in exactly on time, was a long one drawn by two engines.

The president's special car was left outside the trainshed and he headed the party, with Mrs. Roosevelt by his side, in walking its entire length.

When he arrived at the engines both engineers were lined up with their right hands carefully wiped waiting for the customary salute. The president shook each man's hand with both of his, and each got a word of congratulation on the trip.

CLOSED BY EXAMINER.

State Bank at Mauston, Wis., in Financial Trouble.

Madison, Wis., July 29.—State Bank Examiner M. C. Bergh has taken charge of the State bank at Mauston, Wis., and closed its doors. The liabilities of the bank are stated to be \$137,901, of which amount \$79,704 is due depositors. No application will be made for a receiver until a movement to interest new capital is made.

DEMOCRATS OF MINNESOTA.

Will Hold Their State Convention at Minneapolis Aug. 30.

St. Paul, July 29.—The Democratic delegate convention for the state of Minnesota is called to meet at Minneapolis, on Tuesday, Aug. 30, at 12 o'clock noon, at the Exposition building, for the purpose of placing in nomination candidates of the Democratic party for state offices, to be voted for at the next general election.

Lincoln is the home of Thomas Tibbles, Populist vice presidential nominee.

HOPES TO LIFT THE TROPHY.

Sir Thomas Lipton May Again Challenge for America's Cup.

Albany, N. Y., July 29.—Dr. Andrew S. Draper, state commissioner of education, has received from Sir Thomas J. Lipton a letter in which the latter speaks about the possibility of sending another yacht to America to compete for America's cup. In the letter he says:

"Whether or not I shall make another attempt I cannot say with any certainty, as this depends upon many things outside of my control, although I may say I have not given up hope of lifting the famous old trophy, and I do not imagine I could rest content to leave it in its present environment. I presume it has by now become somewhat naturalized; nevertheless I think a change of air and a visit to its original home might do it good."

COMMERCIAL TREATY SIGNED.

Pact Between Germany and Russia Completed.

Berlin, July 29.—The commercial treaty between Germany and Russia was signed Thursday by Count von Beulow, the imperial chancellor, on behalf of Germany, and M. Witte, president of the Russian ministerial council, on behalf of Russia.

It is said Russia accepts the German minimum duties on grain and renounces the intention of introducing higher duties on goods imported by land than on those imported by sea.

Germany agrees that all barley imported from Russia shall pay a duty of two marks, instead of seven marks. Germany accepts the Russian duties on manufactured articles imported into Russia. Russia has received assurances that concessions will be made in the matter of cattle inspected on the frontier.

A NEW PRINCIPLE IN MEDICAL SCIENCE.

For years it has been the practice of medical men to treat patients suffering from piles by local, external applications. These treatments give but temporary relief, but have never affected a positive cure.

After months of research and study, accompanied by actual experience with various patients, Dr. C. A. Perrin arrived at a positive conclusion as to the exact action of the various parts of the bowel system, under different conditions, and when subjected to various prescriptions.

He finally prepared that wonderful internal remedy known as **DR. PERRIN'S PILE SPECIFIC**, which is put up in bottles, retailing at all reliable drug stores for \$1.00 each. This internal remedy has been on the market for the past ten years, and in all of that time there has been but three cases where a positive cure has not been effected.

Dr. Perrin's Pile Specific is sold under a positive guarantee by the druggist making the sale, to refund the full purchase price, providing the remedy fails to cure. This is the absolute proof of its merit. Any man or woman who suffers from blind, bleeding, itching or internal piles can try this internal remedy with the absolute certainty that it will cost nothing unless it cures. Here is what one sufferer says of this wonderful remedy:

Dr. C. A. Perrin, Helena, Mont.—I wish to thank you for the cure your wonderful medicine has done for me. I had the piles some five years, and under the advice of a doctor had them removed by the knife and felt free for awhile, but they returned and I at once got a bottle of your Perrin's Pile Specific and one bottle has entirely cured me, and I am as good as I ever was.

October 16, 1902.
Better get a bottle of your druggist today and get relief from present and future suffering.

St. Petersburg, July 29.—Foreign Minister Lamsdorff late Thursday night received the protest of the British government through Sir Charles Hardinge, the British ambassador, regarding the sinking of the British steamer Knight Commander.

The protest declares the act to be contrary to the law of nations and asks that instructions be sent to the Russian commanders to prevent its recurrence. Count Lamsdorff has not yet replied to the protest, but it is believed that he has already sent assurances to the British government through the Russian ambassador at London, Count Benckendorff, that the necessary steps in this direction have been taken.

WILL CALL ON JUDGE PARKER.

Mayor McClellan of New York Going to Esopus.

Esopus, N. Y., July 29.—Mayor George B. McClellan of New York is expected at Rosemount today to pay his first visit to Judge Parker. In view of the denials that the judge will take a hand in the selection of a state ticket, it is uncertain what part the conference will play in Mayor McClellan's gubernatorial boom. Judge Parker is said to favor Mayor McClellan, but will not declare himself in favor of any candidate for the governorship.

While it is stated that Judge Parker Wednesday carefully avoided the governorship nomination as a topic of conversation, the possibilities and the probabilities were gone into exhaustively by some of the visitors at Rosemount. The McClellan boom brought the governorship to the fore and the question of whether Tammany would or would not advance Mayor McClellan as a candidate was thoroughly canvassed. Charles F. Murphy was quoted as saying that the governorship must be left open, and now it is said his reason was to first learn positively what the Republicans intend to do. If Former Secretary of War Elihu Root is to be nominated by the Republicans, Mr. Murphy is said to be opposed to McClellan for the Democratic nominee. Several prominent Democrats favor District Attorney Jerome to oppose Mr. Root.

Albany, N. Y., July 29.—Dr. Andrew S. Draper, state commissioner of education, has received from Sir Thomas J. Lipton a letter in which the latter speaks about the possibility of sending another yacht to America to compete for America's cup. In the letter he says:

"Whether or not I shall make another attempt I cannot say with any certainty, as this depends upon many things outside of my control, although I may say I have not given up hope of lifting the famous old trophy, and I do not imagine I could rest content to leave it in its present environment. I presume it has by now become somewhat naturalized; nevertheless I think a change of air and a visit to its original home might do it good."
